Any sports equipment -

I also got word from another school volunteer/cruiser, that the Home Economics students are in dire need of any and all kitchen supplies from spatulas to pots and pans. They could really use them.

Note: If you have ever been to a Long Island Agro-Expo (aka Mutton Fest) and have seen the beautiful and delicious food that these young people create, you know how much culinary talent is on Long Island just waiting to be developed.

Thank you,
